

Study questions Aug 9th
'20

Enjoy being church!
Keep on learning!
Be more grateful!
Share God's love!

Start by thinking of something practical recently that's reminded you that God loves you.

It feels like the pause button has been pressed on normal life for the past few months. With the gradual easing of restrictions, there's opportunity for us all to re-evaluate & to make some changes in our lives. This series of studies will help us all consider what actions we might take.

We're focussing on evangelism – sharing God's love in words & actions.

What have you learnt about sharing your faith during lockdown?

Read Luke 19:1-10

How can you see yourself in this story of Zacchaeus?

Verse 10. Jesus said, "I have come to seek and to save what was lost."

This sums up the purpose of Jesus' life & death.

- Think about how He sought you out.
- Think about the part we can play in others finding His salvation.

Read Titus 3:3-7.

What do these verses say about why God saved us? How God saved us? And the end result?

Pray for opportunities to share God's love with family, friends & neighbours.

The next Alpha Course starts on Tuesday September 29th.

If you would like a Luke's gospel & an invitation to pass onto someone for this course, please pick one up from the church (Mon-Fri 10am – 2pm) or email janice@testwoodbaptist.org
