## STORE UP YOUR TREASURES IN HEAVEN...

What do you think heaven is like? There is picture language in the bible that describes heaven as a beautiful city where there is no pain and no tears, and as a place of praise and light where God welcomes his people. A bit like the earth when it was first created, before sin got in. What do you imagine heaven to be like? Draw your thoughts here, then talk to God about them.

Dear God,

Only you know what heaven is like, but in my head it is...

The bible says that when I say 'Yes' to you, I become a citizen of heaven, and I want to thank you for that.

Please help me to build treasure in heaven as I live for you each day.

Amen
