

When Jesus was baptised, God made sure everyone knew He was pleased with him. It must have been amazing to see the dove and hear God's voice!

**"and the Holy Spirit descended on him in bodily form like a dove. And a voice came from heaven: "You are my Son, whom I love; with you I am well pleased." Luke 3:22**

**Craft: Make a dove** to remind you of the Spirit of God coming down on Jesus. Draw around your hand, or ask for help with this as it's quite tricky on yourself! This is the dove's wings and the thumb is the head. I bet yours will be better than mine 😊

If you were feeling adventurous you could cut out more hand prints to stick on the wing and make the feathers look fluffy

(<https://www.freekidscrafts.com/handprint-dove/>)

**Jesus was the only person ever who can be described as perfect.** He didn't need to be baptised, but in his life, he did everything to show us a good example.

**Game: Follow the Leader.**

Choose someone to be the leader and everyone else has to copy whatever they do. They might jog, jump, scratch their nose, giggle, wave their arms etc.

When you play follow the leader use it to help you remember that we should follow the example of Jesus.

If you haven't got anybody to play with then try copying the moves in this dance video...

## Challenge: Prayer when washing your hands

"Even when you are old, I will be the same.

Even when your hair has turned grey, I will take care of you.

I made you and will take care of you.

I will carry you and save you."

Isaiah 46:4 NCV

When we are baptised, we are remembering that all our sins have been 'washed away' by Jesus.

To help you remember the story from today why not try and retell it to yourself each time you wash your hands (which we have to do a lot at the moment don't we?!).

Maybe you could even learn a hand washing bible verse to remind you that Jesus showed us the way and He is always with us.
